

## THE FACES OF FACEBOOK

Privacy policy.

- This is a personal website of an artistic nature.
- It doesn't install or uses cookies.
- Loads the profile picture of each Facebook user, using a standard request through Facebook Graph API.
- Displays the users names, using a standard request through Facebook Graph API respecting the requests per minute limits.
- Links to the user's profiles of each Facebook user, which is public information.
- Does not ask or store names or pictures or any private information of users.
- User's IDs have been previously stored to be able to organize them and discard invalid identifiers. This information is used exclusively within the website and won't be sold to third parties.
- Each user can connect via Facebook voluntarily.
- When the user is logged in, he confirms (or not) the right to publish a post on his wall and in the wall of the first of his friends to join Facebook.
- Voluntary donations are accepted to contribute with the high costs of this website's hosting.
